EHS / ESG Software

Compliance meets convenience

About

Stay connected from the boardroom to the shop-floor. Our web app caters to safety managers, while the mobile app streamlines tasks for on-site teams, such as construction workers. Carry out inspections, capture evidence, and set corrective actions all within minutes.

www.capptions.com

Why choose Capptions?

- Trusted by over 30,000 users worldwide.
- Convert compliance data into strategic actions.
- Protect your business from non-compliance fines.
- Boost your bottom line by at least 2%.

Benefits by Role

Business Leaders: Transform compliance data into actionable insights. Elevate your ROI within 3 months.

C-Level Executives: Digitally master compliance for optimal risk management. Reduce incident-induced downtime by 25%.

Safety Managers: Streamline safety processes. Reclaim up to 30% of your time for proactive safety initiatives.

Front-line Workers: Simplify compliance. Pave the way for a 70% reduction in on-site accidents.

Testimonials

"With Capptions, I see endless possibilities. Effective Safety Management is about aiding, not hindering. Capptions is our perfect tool."

Marijn C. Corporate QHSE Manager @ Kotug International

"Since Capptions, it's been much easier to administer all our behavioral observations and incidents. It's easy to use for our shop-floor employees. Instead of paper and sheets, we now have one system. Easy-to-use, it gives us the information we need."

Robert H. Global Health & Safety Manager @ Trivium Packaging

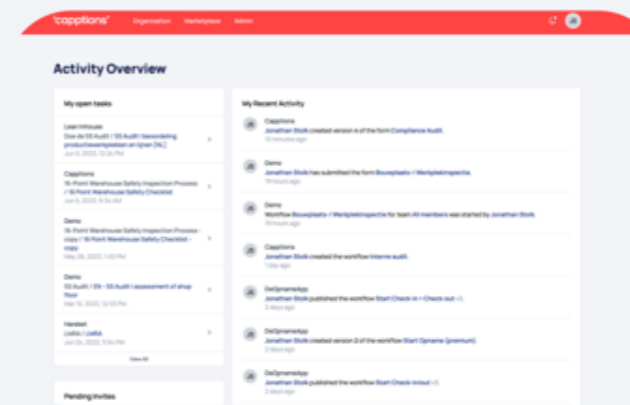

"Capptions is a tool which you can customize to your own needs. It's a scalable solution for us."

Nick vd E. SHEQ Manager @ Royal Den Hartogh Logistics
